How to Start a School Garden

The Links Between Nutrition and Cognitive Development

Marin Nutrition Campaign

Nutritional Impacts and Health Affects of Soda and Sugar

Senate Bill (SB) 19: School Nutrition

Food, Farm and Nutrition Resources

School Food System Survey

EECoM's Marin Food System's Project

Committed to fostering awareness of Marin's agricultural heritage and future through a dynamic curriculum linking school gardens, local farms, public education, community agencies and the environment.

Thank you to the Center for Ecoliteracy for its generous support of the Marin Food Systems Project, a project of the Environmental Education Council of Marin (EECoM).

EECoM is supported by the Marin Community Foundation.
